## Fruit and Vegetable Stores. Point-Of-Sale Systems.

1

### Uniwell POS

Recognised as a leading brand in the cash register touch POS market, Uniwell is feature rich and highly reliable. Operates as independant registers or linked to powerful backoffice software. Easy to use and easy to program.

2

### Zen POSPortal

Australia's only fully integrated Fruit & Veg PC-based POS system that streams in real-time to the Web. Trusted by sites with anything from 1 to 10+ lanes. Has everything that opens and shuts at a most affordable price.

3

### Web Technology

Monitor Sales and business KPI's in real-time on the web as it happens. Change prices, add products, check stock, set specials and promos etc. from your PC, tablet or smart phone. Full terminal redundancy.
